AMSYS EDUCATION DIVISION

Full Lifecycle Technology Partner for K-12 Districts

From strategy to hardware to day-to-day operations — one partner across the full technology lifecycle, so districts stop stitching together vendors and start working with a single accountable team, sized to a district's budget and staffing reality.

Solution Portfolio

SEVEN PILLARS · STRATEGY → OPERATIONS

01 · STRATEGY

AI Governance Readiness Assessment

Fixed-fee assessment establishing acceptable-use policy, student data privacy, and compliance foundations before classroom AI tools roll out.

SUPERINTENDENT · DISTRICT CTO

02 · SECURITY

CampusShield™

Managed physical security & technology optimization for school buildings — assessment, audit, remediation, managed program.

DISTRICT CTO · SAFETY DIRECTOR

03 · WORKFORCE

Cyber Range & CTE Lab Build

Turnkey cybersecurity/IT lab for Career & Technical Education programs — grant-eligible, dual-enrollment ready.

CTE DIRECTOR · PRINCIPAL

04 · OPERATIONS

Managed Services

Help desk, identity & access management, SIS (PowerSchool/Infinite Campus) support, and network operations for districts without deep IT bench strength.

DISTRICT CTO · BUSINESS MANAGER

05 · WORKFORCE

06 · INFRASTRUCTURE

Staff Augmentation

Interim technology director placement, project-based technical staff, and surge support for 1:1 rollouts, migrations, and E-Rate cycles.

SUPERINTENDENT · HR

Hardware Refresh

Classroom device, network, and infrastructure refresh cycles — capital purchase or Device-as-a-Service to smooth budget cycles.

DISTRICT CTO · BUSINESS MANAGER

07 · SECURITY HARDWARE

Cyber Appliances

Next-gen firewalls, EDR/XDR, network segmentation, and backup/DR appliances sized for district budgets — the direct remediation output of a CampusShield audit, with attached support contracts.

Let's talk about your district.

Every engagement starts with a conversation about your students and budget, not our technology. Reach out to schedule a discovery call.
